

Make Your PC a State of the Art Digital Voice Recorder!

The stakes are high in law enforcement today. There is no room for error or ambiguity. That is why you need access to information that is accurate and easy to locate. You also need to ensure that reports you have to write contain the necessary details and important facts.

What's the solution?

YOUR KONEXX SOLUTION

The KONEXX USB Phone 2 PC – Law Enforcement is the ultimate low cost on demand recording solution. Record telephone conversations, meetings or dictations digitally to your PC or notebook. File the recordings for later retrieval and playback.

- ❑ Play back all of your important conversations or dictations. Easily access and replay important details that transpired.
- ❑ Eliminate the classic tape recorder and improve recording quality dramatically.
- ❑ Great organizational tool that saves your recordings in folders and directories on your PC just like your Word and Excel files.
- ❑ Share necessary information with your colleagues by emailing the recordings as an attachment.
- ❑ Replace note taking and memory for the complete recall of important conversations.
- ❑ Both sides of the conversation are recorded clearly.
- ❑ Use the supplied external microphone for dictating or recording meetings.
- ❑ Compact size and lightweight USB interface with easy to use recording software.
- ❑ No computer sound card needed. The USB Phone 2 PC interface is the sound card.

Recording and saving your conversations is quick and easy with Konexx USB Phone 2 PC – Law Enforcement Edition.

Phone 2 PC Interface

Phone 2 PC – Law Enforcement Software

Features:

- ◆ Phone 2 PC hardware and software easily installs on an individual PC or notebook.
- ◆ Recorded files may be stored on the local hard drive or a network server.
- ◆ USB Phone 2 PC Interface connects your telephone with your computer enabling you to record telephone conversations as compressed wav files.
- ◆ Saved files can be e-mailed as attachments and archived for future reference.
- ◆ Bookmarks can be inserted during recording or playback for easy access or reference to important points in the recorded conversation.
- ◆ Add an annotation at the beginning or end of the recorded file.

- ◆ Auto file naming feature allows you to save files with prefixes and/or date/time as the file name automatically.
- ◆ No external power source needed. USB Phone 2 PC gets its power from the USB port.
- ◆ Easily switch from recording phone conversation to recording from the supplied external microphone.
- ◆ Includes an external microphone for easy dictation recording.
- ◆ Enables audio files to be played through the telephone set.

Specifications:

- Phone 2 PC software uses GSM 6.10 compression algorithms to keep file sizes manageable (1 hour of recording time = approx. 5.6 MB).
- Compatible with Microsoft Windows 98SE, Millennium, 2000 or XP Operating Systems (OS).
- Automatic Recording Level (ARL) ensures conversation is recorded clearly.
- Interface size: 3.0" (L) x 1.3" (W) x 1.0" (H).
- Weight: 1.5 ounces.
- Powered by computer's USB port.

Applications:

- ☞ Playback all of your important phone conversations or dictation.
- ☞ E-mail the recordings to the DA immediately for their review (no time delay!).
- ☞ Install USB Phone 2 PC – Law Enforcement on your notebook and record conversations in the field.
- ☞ Dictate or record interviews using the included external microphone.
- ☞ Eliminate the hassle of sorting through and storing cassette tapes, record directly to your computer.
- ☞ Organize your recordings in folders and directories on your PC just like your Word or Excel files.
