

Manufacturer	Model									Special Notes
		DV2000	PAL	PAL CAL	PAL NS	Ensemble	FrontDesk	FrontDesk SX	Ensemble Hosp	
NEC	Mark II		PAL			VSE	FD			Virtual Mailboxes for Operator transfer into mailboxes available
	1400		PAL			VSE	FD			Call DuVoice tech support for integration notes and limitations
	Pro I		PAL			VSE	FD			Switch has programmable in-band integration.
	Pro II		PAL			VSE	FD			Switch has programmable in-band integration.
Nitsuko	DSO 1		PAL			VSE	FD			Integration utilizes proprietary mode code voice mail signaling
Northern	Norstar (Digital)				P-NS		FD-NS			Integration utilizes proprietary telephone set emulation.
	Meridian	2000		PAL CAL			FD CAL			Integration utilizes proprietary telephone set emulation.
	SL-1				P-NS		FD-NS			Integration utilizes proprietary telephone set emulation.
Panasonic	KX-T 61610		PAL			VSE	FD	VS-H		Call DuVoice tech support for integration notes and limitations
	KX-T1232		PAL			VSE	FD	VS-H		Requires 11D-3 software
	KX-TD1232		PAL			VSE	FD	VS-H		Switch has programmable in-band integration.
	DBS		PAL			VSE	FD	VS-H		Switch has programmable in-band integration.
Premier	ESP		PAL			VSE	FD	VS-H		Integration utilizes the proprietary in band signaling from the switch.
Samsung	816		PAL				FD			Supervised transfer. Call DuVoice tech support
	56ex		PAL			VSE	FD			Switch has programmable in-band integration.
	DCX		PAL			VSE	FD			Switch has programmable in-band integration.
Siemens	Saturn		PAL				FD			Call DuVoice tech support for integration notes and limitations
Sprint	Protégé		PAL			VSE	FD			Integration utilizes the proprietary in band switch signaling.
Tie	Onyx		PAL			VSE	FD			Integration utilizes the proprietary in band switch signaling.
Toshiba	DK280 rel 2 & Above		PAL			VSE	FD			Switch has programmable in-band integration.
	DK424		PAL			VSE	FD			Switch has programmable in-band integration.
	Strata		PAL				FD			Supervised transfer Requires HI0B modules
	Perception E		PAL			VSE	FD			Integration utilizes the proprietary in band switch signaling.
Transtel	Superkey 824		PAL			VSE	FD			Integration utilizes the proprietary in band switch signaling.
	Superkey 200		PAL			VSE	FD			Integration utilizes the proprietary in band switch signaling.
Vodavi	Starplus 1224		PAL				FD			Supervised Transfer Requires SLA
	Starplus 2448		PAL				FD			Switch has programmable in-band integration Requires SLA
	Starplus 4896		PAL			VSE	FD			Switch has programmable in-band integration.
	Digital 1428 - 4096		PAL			VSE	FD			Switch has programmable in-band integration.
WIN	100, 200, 100R3		PAL			VSE	FD			Integration utilizes the proprietary in band switch signaling.
	24 & 36		PAL			VSE	FD			Integration utilizes the proprietary in band switch signaling.

Notes: Notes in **bold italics** indicate required switch hardware / software.

Switches with proprietary In-Band integration use pre-programmed integration macros on the DuVoice product.

Call DuVoice Technical Support for switches not listed here.
